

中国抗癌协会
神经肿瘤专业委员会
Chinese Society of Neuro-oncology, CACA

关于 CSNO 与 SNOChina 区别的通告

神经肿瘤专业委员会全体会员：

中国抗癌协会神经肿瘤专业委员会（Chinese Society of Neuro-oncology, CSNO）是2004年成立的中国首个神经肿瘤学术团体，是中国抗癌协会属下的二级学术机构。CSNO肩负推动中国神经肿瘤事业发展及提升中国神经肿瘤国际影响力的重任。经过13年的发展，CSNO已成为拥有 1000 多名会员，被国际学术界广泛认可的中国神经肿瘤专业学术团体。近期，中国医师协会脑胶质瘤专业委员会，其英文名使用“Society for Neuro-oncology of China, SNOChina”。为了避免混淆，请神经肿瘤专业委员会会员在国际学术交流时统一使用 Chinese Society of Neuro-oncology, CSNO 名称，并有责任向国内外同仁表明两个学术团体在名称及学术领域内的区别。

特此告知。

Warning about SNOChina
March 20, 2017

Dear Colleagues,

Chinese Society of Neuro-oncology (CSNO) is a multidisciplinary organization intended to promote development of neuro-oncology in China. CSNO was founded in 2004 and is affiliated to Chinese anti-cancer association (CACA). CSNO has been the most widely accepted professional society of neuro-oncology in China, represents China to actively involve in academic communication and collaboration with neuro-oncology societies in Asia, Europe, North American and all the world. Recently, a glioma society affiliated to Chinese medical doctor association (CMDA) has been founded in China. It comes to our attention that this **glioma organization** uses the name of “**Society for Neuro-oncology of China (SNOChina)**” in English. In order to avoid confusion, we want to let you know that SNOChina is a society ONLY for glioma and has NOT any relationship with CSNO.

If you have any question about CSNO and the glioma society mentioned above, please contact us and we will give you the detailed explanation.

Thank you very much for your attention!
